

HermanMiller  
Verus®

Comfort and ergonomic support  
at an attainable price

## Verus

Verus redefines what an affordable work chair can be. Engineered to assure ergonomic alignment and support, it gives people both short-term and long-term comfort at an equally comfortable price. And with a quiet, versatile form, it flexes easily to any aesthetic both in the workplace and at home.

Verus is guaranteed to work as hard as the people who use it: manufactured to our highest quality standards, Verus is backed by a 12-year, three-shift warranty.

## Performance

Verus's built-in sacral reinforcement keeps the spine properly aligned, and options for adjustable lumbar support add comfort and stability for total spinal support. Verus's TriFlex™ back option offers ergonomic performance with even more durability: engineered flex patterning made from easy-to-clean polymer defines three ergonomic zones – sacral and lower lumbar, centreline spine, and upper scapula – to form, ventilate, and move with your body for a strong, comfortable fit.

## Design

Verus has a versatile design that flexes easily to any work space aesthetic. Its quiet form comes in a range of colours and fabrics and includes the option for a suspension or TriFlex back.

Verus's TriFlex back option is made from durable, easy-to-clean polymer that excels in any work environment – office, learning, or at home.

Verus's built-in ergonomic support comes in two different back options: TriFlex or suspension.

**Family**

Work Chair with Suspension Back  
Work Chair with TriFlex Back  
Stool with Suspension Back
